

TIMETABLE OF CLASSES A.Y. 2020/21
MASTER OF SCIENCE IN CIVIL ENGINEERING FOR RISK MITIGATION
1st YEAR (2nd semester)

	MONDAY	TUESDAY	WEDNESDAY	THURSDAY	FRIDAY
9.15 a.m.		Theory of plasticity A.1.2	Computational Mechanics AULA VIRTUALE		Theory of plasticity (*) AULA VIRTUALE
10.15 a.m.		Theory of plasticity A.1.2	Computational Mechanics AULA VIRTUALE		Theory of plasticity (*) AULA VIRTUALE
11.15 a.m.	Fundamentals of GIS AULA VIRTUALE	Fundamentals of GIS A.1.2		River hydraulics for flood risk evaluation A.1.2	Theory of plasticity AULA VIRTUALE
12.15 a.m.	Fundamentals of GIS AULA VIRTUALE	Fundamentals of GIS A.1.2		River hydraulics for flood risk evaluation A.1.2	Theory of plasticity AULA VIRTUALE

2.15 p.m.				Structural Dynamics A.1.2	Structural Dynamics AULA VIRTUALE
3.15 p.m.	River hydraulics for flood risk evaluation AULA VIRTUALE			Structural Dynamics A.1.2	Structural Dynamics AULA VIRTUALE
4.15 p.m.	River hydraulics for flood risk evaluation AULA VIRTUALE			Computational Mechanics A.1.2	
5.15 p.m.	River hydraulics for flood risk evaluation AULA VIRTUALE			Computational Mechanics A.1.2	

River hydraulics for flood risk evaluation:

Computational Mechanics:

Structural dynamics:

Theory of plasticity:

Fundamentals of GIS:

Prof. A. Radice

Prof.ssa G. Bolzon

Prof. G. Boffi

Prof. V. Buljak

Prof.ssa D. Carrion

(*) lesson scheduled sometimes instead of Tuesday hours

TIMETABLE OF CLASSES A.Y. 2020/21
MASTER OF SCIENCE IN CIVIL ENGINEERING FOR RISK MITIGATION
2nd YEAR (2nd semester)
Hydrogeological risks/Risks for structures and infrastructures

	MONDAY	TUESDAY	WEDNESDAY	THURSDAY	FRIDAY
9.15 a.m.	Hydrogeological risks in mountain area AULA VIRTUALE		Geospatial data processing and crisis mapping applied to emergency management AULA VIRTUALE	Transport risk management in emergency planning B.0.7	Transport risk management in emergency planning AULA VIRTUALE
10.15 a.m.	Hydrogeological risks in mountain area AULA VIRTUALE	Transport systems and transport risk B.0.7	Geospatial data processing and crisis mapping applied to emergency management AULA VIRTUALE	Transport risk management in emergency planning B.0.7	Transport risk management in emergency planning AULA VIRTUALE
11.15 a.m.	Hydrogeological risks in mountain area AULA VIRTUALE	Transport systems and transport risk B.0.7	Geospatial data processing and crisis mapping applied to emergency management AULA VIRTUALE	Transport risk management in emergency planning B.0.7	Transport risk management in emergency planning AULA VIRTUALE
12.15 a.m.					
13.15 a.m.	Laboratory of emergency planning AULA VIRTUALE	Seismic risk assessment for post-event management B.0.7	Geospatial data processing and crisis mapping applied to emergency management AULA VIRTUALE	Laboratory of emergency planning B.0.7	Transport risk management in emergency planning AULA VIRTUALE
2.15 p.m.	Laboratory of emergency planning AULA VIRTUALE	Seismic risk assessment for post-event management B.0.7	Geospatial data processing and crisis mapping applied to emergency management AULA VIRTUALE	Laboratory of emergency planning B.0.7	Transport risk management in emergency planning AULA VIRTUALE
3.15 p.m.		Geospatial data processing and crisis mapping applied to emergency management B.0.7		Hydrogeological risks in mountain area B.0.7	
4.15 p.m.	Seismic risk assessment for post-event management AULA VIRTUALE	Geospatial data processing and crisis mapping applied to emergency management B.0.7	Hydrogeological risks in mountain area AULA VIRTUALE	Hydrogeological risks in mountain area B.0.7	Transport systems and transport risk AULA VIRTUALE
5.15 p.m.	Seismic risk assessment for post-event management AULA VIRTUALE	Geospatial data processing and crisis mapping applied to emergency management B.0.7	Hydrogeological risks in mountain area AULA VIRTUALE	Hydrogeological risks in mountain area B.0.7	Transport systems and transport risk AULA VIRTUALE

Emergency Plans for Hydrogeological Risk: Hydrogeological risks in mountain area Laboratory of emergency planning	Prof. A. Radice Prof. V. Ivanov; Prof. A. Radice Prof.ssa D. Molinari
Transport management in emergency planning: Transport risk management in emergency planning Transport systems and transport risk	Prof. L. Studer Prof. P. Gandini Prof. L. Studer
Geospatial data processing to support seismic emergency management: Geospatial data processing and crisis mapping applied to emergency management Seismic risk assessment for post-event management	Prof.ssa S. Menoni Prof.ssa D. Carrion; Prof.ssa S. Menoni Prof.ssa M. P. Boni
